

Sixth Form Courses:

You should choose to study three A Levels (or BTECs) in the Sixth Form. It is possible for you to choose four subjects, but this is not essential. Choose a subject by ticking it in the relevant vertical block. You should try to choose only one subject in each vertical block. However, if two subjects you want to study are in the same block, tick them both. If this choice is a popular combination, we may be able to make changes to accommodate you, although we cannot guarantee this. Also, if a subject you want to study is not currently on offer, please write this in an empty box. Please return these forms to Sixth Form staff or hand them in at reception.
